

2014 RECREATION GTI™ SE 130 / 155

iBR (INTELLIGENT BRAKE & REVERSE)

FOLD-DOWN REBOARDING STEP

VTS (VARIABLE TRIM SYSTEM)

DRIVING CENTRE WITH ECO™ MODE

TOURING SEAT

RETRACTABLE SKI PYLON (OPTION)

The GTI SE models come with numerous standard features that make them the most popular for families looking for great days on the water. Features like a touring seat, VTS™, reboarding step and more. Plus, with iBR™ you ride with more confidence and control.

Black & Sunshine 
Lucky Green (130 Only) 

RIDER CAPACITY

Weight capacity.....272 kg / 600 lb

iTC / iBR / CLCS / ECO

DIMENSIONS

Fuel capacity.....60L / 15.9 US gal.
Length.....336.8 cm / 132.6 in.
Width123.1 cm / 48.5 in.
Weight (dry).....343 kg / 755 lb.
Storage capacity116.6L / 30.8 US gal.

HULL

Type.....GTI

- Medium-sized platform
- Moderate-V hull
- Forgiving and nimble

ENGINE

Type.....1503 Rotax® 4-TEC™ engine (130)
 1503 NA Rotax 4-TEC engine (155)
 Intake system.....Naturally aspirated
 Displacement.....1,494cc
 Cooling.....Closed-Loop Cooling System (CLCS)
 Transmission.....iBR with electronic brake, neutral and reverse
 Starter.....Electric
 Fuel type87 octane

GTI SE 130 / 155

ENGINE

- 1,494-cc four-stroke, Rotax with four valves per cylinder..... 1503 NA or 1503 Rotax 4-TEC engine provides reliable performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
- iTC™ (Intelligent Throttle Control)..... Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific Touring / Sport mode and ECO mode that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
- iControl™ Learning Key™..... The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level.
- D-Sea-Bel™ system..... Combines a series of resonators and vibration-absorbing components to make Sea-Doo® watercraft some of the quietest on the water.
- Closed-Loop Cooling System..... Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive salt water and debris.
- Handlebar-mounted start/stop button..... Engine starts and stops with single, user-friendly control button.

FEATURES

- iControl..... The “Brain” that integrates and controls all systems to create the best possible ride.
- Touring / Sport mode..... Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride - ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
- ECO mode..... The iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
- 3-up seat..... Comfortable room for three – permits rear-facing spotter for watersports.
- Elevated fuel filler..... Easy access and prevents water intrusion while refueling.
- Multifunction Digital Information Centre..... Reports 23 key operating functions: Fuel level, Tachometer, Speedometer, Touring / Sport mode, ECO mode, Hour meter, Compass, Clock, Fuel consumption meter, VTS, F-N-R indicator and more.
- Digitally Encoded Security System (D.E.S.S.™)..... Industry's first digitally encoded theft-deterrent system.
- Off-Throttle Assisted Steering (O.T.A.S.™)..... Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
- Sponsons
- Bumpers
- Tow hook
- Footwell carpets
- Swim platform carpet with Sea-Doo logo
- Wide-angle mirrors
- Rear grab handle
- Dual drain plugs
- External exhaust cooling flush attachment
- Emergency floating lanyard
- Seat strap
- Operator's guide, instructional video and booklet

PROPULSION SYSTEM

- iBR (Intelligent Brake & Reverse) system..... The world's only on-water braking system, iBR lets you stop up to 30 m (100 ft.) sooner than any other watercraft¹. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.
- Stainless steel impeller..... Delivers improved acceleration, higher top speed and less cavitation.

SE PACKAGE

- Fold-down reboarding step..... Makes reboarding from the water easier and quicker.
- Additional gauge functions..... VTS, fuel consumption meter, clock.
- Touring seat..... Ergonomically designed for comfort and great looks providing ultra-plush seating for three.

OPTIONS

- 3-position retractable Ski pylon
- Removable wakeboard rack
- Depth finder
- Cruise control
- Ski mode
- Slow mode
- Time/distance to empty
- Top/average speed/RPM
- Lap timer
- Engine temperature
- Removable dry bag for front storage
- Ski tow eye
- Speed Tie™
- Removable storage bin
- Safety kit
- Sandbag anchor
- Fire extinguisher
- Storage cover
