- iTC™ (Intelligent Throttle Control) ..... Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific cruise control, Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
- iControl® Learning Key® ..... The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.
- D-Sea-Bel™ system ..... Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
- Closed-Loop Cooling System ..... Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
- Handlebar-mounted start/stop button ..... Engine starts and stops with single, user-friendly control button.
