ENGINE

- 1,494 cc four-stroke, 1503 NA Rotax 4-TEC engine provides reliable performance in fresh or salt water, increased torque at low RPM, optimized power at all RPM levels and throttle positions.
- Rotax with four valves per cylinder
- iTC™ (Intelligent Throttle Control) system Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific Cruise control, Touring, Sport and ECO modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
- iControl Learning Key® The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level.
- D-Sea-Bel™ system Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.
- Closed-Loop Cooling System Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps out corrosive saltwater and debris.
- Handlebar-mounted start/stop button Engine starts and stops with single, user-friendly control button.

FEATURES

- iControl The "Brain" that integrates and controls all systems to create the best possible ride.
- S³ Hull® Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water.
- Touring mode / Sport mode Offers a choice between two throttle responses for different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride – ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.
- ECO mode This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.
- Hinged seat Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.
- Touring seat Ergonomically designed for comfort and great looks providing ultra-plush seating for three.
- Electric Variable Trim System (VTS) Provides boat trim adjustments, maximizes acceleration and high-speed stability.
- Footwell carpets with Sea-Doo logo pattern Offer extra comfort, non-skid surface and great looks.
- Fold-down reboarding step Makes reboarding from the water easier and quicker.
- Ski tow eye For easy and secure attachment of ski rope.
- Watertight, removable storage bin Provides dry storage for luggage and necessities with easy access.
- Tilt steering 4 adjustable steering angles for maximum ease and comfort.
- Interactive Multifunction Digital Information Center Reports 25 key operating functions: Fuel level, Tachometer, Speedometer, Hour meter, Compass, Clock, Fuel consumption instant & average, Touring mode, Sport mode, ECO mode, Cruise control, Slow mode, VTS, F-N-R indicator and more.
- RF D.E.S.S.™ Key Now with radio frequency technology and a new ball-and-socket design, the new Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.
- Off-Throttle Assisted Steering (O.T.A.S.™) Provides the operator with additional steering effect in off-throttle situations for greater maneuverability.
