- iTC™ (Intelligent Throttle Control) system ..... Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features an activity-specific Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
- iControl® Learning Key® ..... The programmable Learning Key allows you to limit the performance of the PWC based on rider skill level.
- D-Sea-Bel™ system ..... Combines a series of resonators and vibration-absorbing components to make Sea-Doo watercraft some of the quietest on the water.

## FEATURES

- iControl ..... The "Brain" that integrates and controls all systems to create the best possible ride.

- Hinged seat ..... Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.
