Products in this catalog will be available for purchase at your authorised Sea-Doo dealer and online at [store.sea-doo.com](https://store.sea-doo.com) starting November 2023. For advertising purposes, some scenes depicted in this catalog include professional riders and operators executing maneuvers under ideal or controlled conditions. Do not attempt any of these or any other risky maneuvers if they're beyond your level of riding ability, as well as your understanding and respect for the performance of your Sea-Doo watercraft. **RIDE SMART FROM THE START.** Always ride responsibly and safely. Follow all instructional and safety materials. BRP recommends a minimum operator age of 16 years old for riding a watercraft. Always wear appropriate protective clothing for your type of boating use, including a Coast Guard-approved life jacket. Always remember that riding, alcohol and drugs don't mix. Operate your watercraft keeping a safe distance between yourself and others. Always observe applicable local laws and regulations. # Meet Our Ambassadors

When you're one of us, you see the world differently. For us, anywhere there's water is a playground. Waves are an invitation. Marine life is our friend. The smell of saltwater and sunscreen, that's our calling. We all experience it a little differently, but no matter where we are, behind those handlebars, we're all the same. We are the faces of the #SeaDooLife. We are Sea-Doo ambassadors.

# Surf Life Saving Australia

## Sea-Doo, chosen by Life-Saving Australia for over 10 years

Since 2009, BRP and SLSA's partnership has delivered many millions of dollars worth of essential lifesaving equipment to more than 160 Surf Life Saving Clubs, to help save lives across Australia's beaches and our vast coastline.

With more than 500 million beach visitations annually, water safety is at the heart of this partnership. The BRP brands such as Sea-Doo are equipped and rescue ready at over 250 Australian beaches.

BRP products are engineered to be capable, reliable and high-performing, allowing surf lifesavers to move around quickly and effectively.

Sea-Doo Advantage Technologies such as Closed Loop Cooling Systems (CLCS) and Intelligent Brake & Reverse (iBR) assist in ensuring patrols and rescues can be performed safely with greater efficiency and faster response times in the most challenging of situations and conditions.

GTI™ SE 170

# Full-Fledged Family Fun

Meet the watercraft for families that take their fun seriously. Features aplenty make this ride not only a blast, but a place you'll want to spend your whole day.

## WANT FEATURES?

The GTI SE got them. Find all the tech loaded into one watercraft: nimble handling, brake and reverse capability and an optional debris-clearing pump system. Need space? The large swim platform at the back of the watercraft can be a diving board, a place to sit and catch your breath or somewhere to add accessories thanks to the LinQ System. Plus, the GTI SE carries 38 US gal of storage to handle all your carry-on gear and, with the Tech Package, a waterproof 100-watt BRP Audio-Premium System to blast tunes on your terms.

RXP®-X® 325

# The Race Is On

## DELIVERS AN ADRENALINE BOOST THAT LEAVES YOU BREATHLESS

Push your limits. Push the machine's limits. Push the limits of possible. Our Performance lineup is the pinnacle of personal watercraft racing. Whatever you want to push, vehicles like the Sea-Doo RXP-X 325 bring the power, handling and control to do it. All that's left to bring is adrenaline – and that's on you.

## TECHNOLOGY

The 325 hp is the fastest-accelerating engine you've seen on a personal watercraft. Thanks to a revolutionary supercharger design, it's capable of achieving the highest horsepower in the personal watercraft industry. Engine also available on RXT-X.

GTR™-X® 300

# High Speed, High Value

## ON-POINT ACCELERATION IN A LIGHTWEIGHT PACKAGE

Back and more thrilling than ever, the GTR-X 300 strengthened engine ups the ante, combining 300 hp with its patented nimble hull to add top speed to pinpoint control. LinQ attachment points on the swim platform mean you're always an accessory away from your favorite watersports, and enhanced ergonomics make the ride even more comfortable.

## DID YOU KNOW?

Its accessible price gives the GTR-X 300 one of the lowest dollar figures per horsepower in the industry.

**WAKE™ PRO 230**

# Heavyweight Champion

All signs point to watersports. The Wake models win the waves when it comes to pulling water skiers and wakeboarders, so grab a hold of the Sea-Doo Life and have some fun! Tow-focused features like Ski Mode provide perfectly smooth acceleration. Accessories like the Retractable Ski Pylon and the removable Wakeboard Rack come standard.

## **IF YOU TOW, YOU KNOW: THE WAKE PRO IS THE KING OF WATERSPORTS.**

In watersports, stability wins. And the Wake Pro is the category's most stable ride thanks to its brilliantly designed wide platform that handles choppy waters like the champ that it is. Equal parts power and acceleration allow you to deliver the perfect pull for your passenger.

Wash away worries with the newly added Intelligent Debris Free (iDF) pump system and 70 L fuel tank

# Stack, Pack and Attack

Bungee cords and straps are a thing of the past. Secure your cargo with LinQ and power through bumps and turns without a care on the water. LinQ accessories are quick to access and install, so you're always just seconds away from adding holders, racks, bags and boxes to your watercraft. Pick 'em, click 'em, stack 'em and pack 'em. It's that easy (and fun!) to add LinQ accessories to reconfigure your watercraft and reroute your excursion on the spot.

## LINQ SYSTEM

### PACK MORE

The LinQ System redefines what your vehicle can carry and how it carries it. Its simple, intuitive design allows riders to snap a cooler or storage bag onto the platform. Keep your food and drinks fresh until it's time for a snack break, whenever that is, or bring a change of clothes and keep them dry. Only on a Sea-Doo do mere seconds of work add up to hours of fun!

### PLAY HARDER

There's always room for fun on a Sea-Doo! The LinQ System has accessories to create a more enjoyable water experience — and that includes watersports. Attach the LinQ Retractable Ski Pylon to your personal watercraft to declutter your vessel and make your activities safer. It even features built-in spotter grab handles that retract out of your way when not in use.

### RIDE FURTHER

Did you know LinQ can fuel your adventures? Carry up to five gallons of extra gas, allowing you to top up on command, rack up more miles and stay out on the water longer. Plus, you can stack your Fuel Caddy on top or underneath your other LinQ accessories so it's out of the way, secure and spill-free.

**All Sea-Doo PWC and pontoon models are equipped to accommodate LinQ accessories.**

## FISHPRO™ TROPHY

# Go Where the Fish Go

Yes, it's real life: personal watercraft that are built for fishing. The FishPro lineup puts fishing-specific features at the forefront of cutting-edge design, which all adds up to getting you closer to your catch than any other vessel. The FishPro Trophy is what PWC fishing fanatics have fantasised about.

Exclusive features like the Modular Swivel Seat and Garmin 7" touchscreen GPS and fish finder make this the ultimate personal watercraft to fish from, and since it's a Sea-Doo, you know it's fun to ride too.

**THE FISHPRO TROPHY: SINGLE-HANDEDLY TAKING PWC FISHING TO NEW HEIGHTS.**

The FishPro Trophy is as nimble as any personal watercraft, making the ride to and from your destination just as fun as the fishing. The Trophy demonstrates that it's no ordinary PWC by pairing crafty handling with the features of a fishing boat: livewell, anchoring system, high-tech fish finder, trolling modes and more.

An award-winning watercraft built  
for the world's most dedicated anglers

# Accessories

**EXPLORER PRO®**

# Lose Sight of the Shore

A ride with the Explorer Pro has one goal in mind: go far. This adventure watercraft is your sidekick on the journey to discover new waterways, breathe new air and find new views. Now also available with the 230 hp engine, the Explorer Pro makes long-distance more powerful than ever.

## EQUIPPED TO GO THE DISTANCE

The Explorer Pro gives you everything you need to go deep: an industry-first touring windshield to protect you from wind gusts and splash and diminish rider fatigue, adjustable handlebars so you can settle into your preferred posture, an Explorer touring seat that adds an inch of padding for more comfort on long-distance rides. A watertight compartment with a USB port to charge your devices, and 25.3 US gal (96 L) of front storage to carry extra gear. All in the name of comfort and convenience for the long haul.

A photograph showing two people riding Explorer Pro watercrafts on a lake. The watercrafts are black with yellow accents. The riders are wearing life jackets and helmets. The water is splashing around the watercrafts, creating a dynamic scene. The background features a rocky, hilly shoreline with sparse vegetation and a clear blue sky.

Embrace the joy of  
discovery with an adventure watercraft

# Accessories
